- 1 Write the missing number.

British pounds		Jamaican dollars
£1	=	152
£3	=	<input type="text"/>

- 2 On a scale drawing, 2 centimetres represent 1 metre.
What is the scale?

1 :

- 3 Write 0.75 as a fraction.

Write $\frac{4}{5}$ as a decimal.

4

$$1000 \div (12 + 8) = \boxed{}$$

1m

5

Write two values greater than zero that add to 0.1

$$\boxed{} + \boxed{} = 0.1$$

1m

6

Rohan has £14 in **twenty-pence** coins.

How many twenty-pence coins does Rohan have?

coins

1m

7

$$10^3 = \boxed{}$$

1m

8 What percentage of 300 is 60?

%

9

$$20 \times 0.07 =$$

10 This formula changes °C to °F.

Complete the formula to change °F to °C.

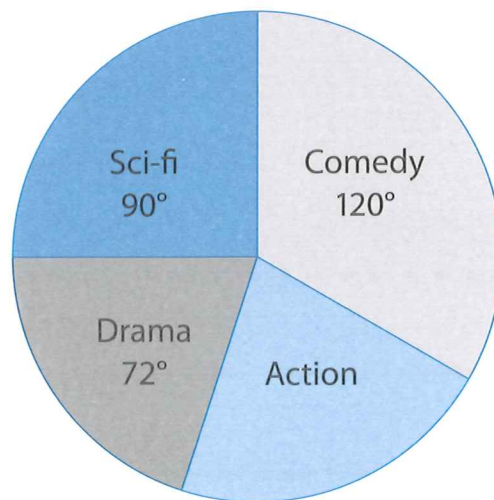

11 Change $6\frac{1}{8}$ kilograms to grams.

12

Favourite type of film

Work out the missing angle for **action** films.

20 people said their favourite type of film was **comedy**.

How many people were in the survey?

13 $\frac{10}{7} = 1.42857142857\dots$

Round this value to **3 decimal places**.

Now round the value to **3 significant figures**.

14 Work out $6\frac{2}{3} + 10\frac{1}{4}$

15 The **circumference** of a circle is 314cm.

What is the **diameter** of the circle?

Use $\pi = 3.14$

cm

16 Time = $\frac{\text{Distance}}{\text{Speed}}$

so

Distance =

[Empty box for calculation]

17 Cerys opens a bank account with £400

After one year, the bank pays interest of 1.25% into her account.

How much is in her account after one year?

£

18

Scatter diagram to show the reaction times of ten people

Circle the description below that describes the **correlation** between the first and second attempts.

positive

negative

none

100%

How many of the ten people took **longer** on their second attempt than on their first attempt?

people

- 19** 20% of a cake is banana. 25% is flour.
A slice of this cake contains 40g of flour.

How many grams of banana are in the slice of cake?

2m

- 20** $\frac{1}{6}$ is a recurring decimal because $\frac{1}{6} = 0.166666\dots$

Circle the values below that are also recurring decimals.

$\frac{1}{3}$ $\frac{1}{4}$ $\frac{1}{5}$ $\frac{1}{8}$ $\frac{1}{9}$

2m

- 21** Work out the missing number of seconds.

1m

22 Circle the value below that equals 8.2×10^7

8207

820 000 000

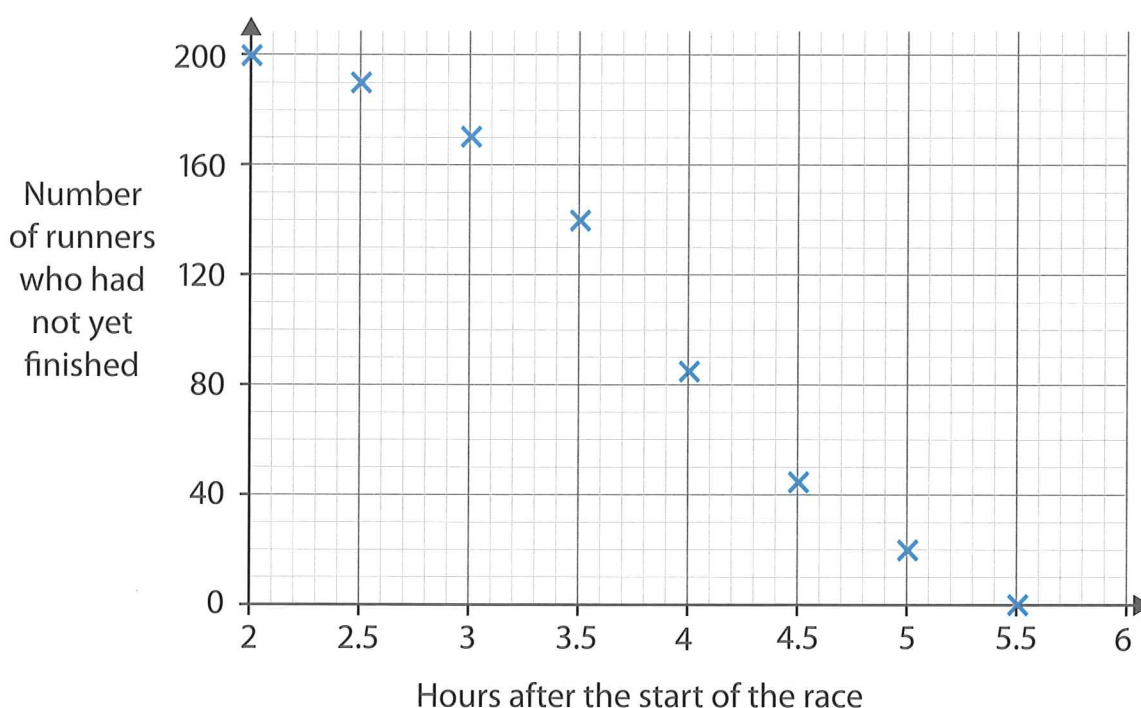

8.20000000

82 000 000

23 200 runners took part in a race.

The chart shows information about them.

About how many runners had not yet finished 4 hours after the start?

runners

What percentage of the runners finished the race in a time of 3 hours or less?

%

24 **Two-thirds** of the members of a club are female.

One-quarter of those females are less than 18 years old.

What fraction of the members are both female and less than 18 years old?

25 The side length of square A is one-third of the side length of square B.

The ratio of the **perimeters** of A : B is

1 :

The ratio of the **areas** of A : B is

1 :
