School News:

Dr. Dean Burnett – Author Visit:

Best Selling author a neuroscientist Dr. Dean Burnett

This week, we were delighted to welcome best-selling author and neuro-scientist, Dr. Dean Burnett to Willows High School. Dean has written many books on all aspects of psychology aimed at helping adults and teenagers cope with everyday emotions such as grief, anger and anxiety.

Groups of Year 9, Year 10 and Year 11 pupils met with Dean to help him with his research for his new book. This exciting project will look at the differences between parents and teenagers regarding mobile phones. Dean was incredibly impressed with their intelligent and mature opinions. They provided plenty of new ideas and articulated these effectively. We wish Dean every success with this venture.

Careers – NHS Seminar

On Wednesday we had the first in a series of employer visits who will be delivering talks to Year 11 pupils about their industry and professions. This week's visitors were from the Cardiff & Vale University Health Board Perioperative Team. Their main topic of delivery concerned the different roles that exist in an operating theatre and the pathways into that profession. There was a lot of interest in the talk, with a class full of pupils all choosing to attend and asking questions regarding the subject.

NHS Seminar for Willows pupils

Thank you to the team for their visit and to Adrian Cole from Careers Wales, for arranging it.

Welsh Department

Shwmae Pawb!

The Welsh language belongs to everyone and is one of the treasures of Wales. It is part of what defines us as people and a nation.

Every learner, regardless of their place of birth or their home language, will have a relationship with the Welsh language. Our learners have everything to gain from a deeper understanding of their national language and the culture of Wales.

We have started to work towards the Cymraeg Campus bronze award at Willows High School.

What is Cymraeg Campus?

Cymraeg Campus (Splendid Welsh) is a Welsh language charter. It is an initiative to promote Welsh across the whole school. There is a bronze, silver and gold award. We are currently working towards the bronze award.

There are many targets to meet, which are varied and involve the whole school. This will increase enthusiasm and raise the amount of Welsh used both within and outside classrooms.

Criw Cymraeg

We are creating a student body to be known as **Criw Cymraeg** to act as a pupil voice. This will consist of two pupils from each year group. Their duties will include:

- Promoting the Welsh language.
- Tracking our progress towards our targets.
- Representing the school when promoting 'Cymraeg Campus'.
- Having a visible presence in assemblies.
- Supporting the Welsh department with celebrations of Welsh culture i.e. St David's day, Shwmae day and the school Eisteddfod.

We shall keep you updated with any developments.

Our current targets are:

1. To write Welsh dates in our writing books.
2. To answer the register in Welsh using 'yma' or 'dim yma'.
3. To greet each other on the corridor using Welsh terminology.

Why not practice your Welsh at home? We will provide a variety of terms and phrases weekly. Use the phonetic column to see how it should be pronounced. Send any queries or questions to:

willowswelsh@willows.cardiff.sch.uk

Numeracy "Terms of the day" and "Question of the week":

To help our pupils boost their mathematical vocabulary and their Numeracy skills, the "Terms of the day" will be sent to them in a daily basis, and the "Question of the week" in a weekly basis.

Accordingly, we advise our pupils to:

- Check their emails regularly for all school announcements
- Learn sent terms daily to enrich their vocabulary bank
- Answer the "Question of the week" regularly by the end of Thursdays
- Email their answers to their Maths Teachers who will award them a "Numeracy Merit" as well as a "Star Merit" if their answer is right.
- Copy Mrs Ait-Brahim (Halima.Ait-Brahim@Willows.cardiff.sch.uk), in their emails to be considered for other numeracy rewards.

Answers to the "Question of the week" will be emailed to pupils by the end of every Friday.

Question of the week

Week 2 – 18.09.23

Puppy Plans

Robbie wants to get a puppy, so he decides to help pay the costs. He wants to donate £60 to the animal shelter he gets the puppy from, and he needs to contribute £10 every month to help buy the puppy's food.

- (a) How much money does Robbie need to help pay the cost of getting the puppy and feeding the puppy in the first year?
- (b) Robbie needs to save the money calculated in part (a) before getting the puppy. He has £87 in his piggy bank. He earns a £7 allowance every week for doing his chores.

How long will it take Robbie to earn the rest of the money he needs?

Mathematics Terms of the Week

Terms of the day

Week beginning 18.09.23

Day 1 – Monday 18.09.23

Algebra and algebraic expressions:

Algebra is the branch of mathematics that substitutes letters for numbers to solve for unknown values.

Algebraic expressions are symbols that represent numbers or operations between numbers.

For example:

$3x + 4$ is an algebraic expression

$5y - 2n$ is an algebraic expression

Day 2 – Tuesday 19.09.23

Equation, formula and variables:

A variable is a letter used to represent a numerical value in equations and expressions.

For example: in the expression $3x + 2y - 7$, both y and x are the variables.

An equation is a statement that shows the equality of two expressions by joining them with an "equals" sign.

For example:

$2x + 4y = 12$ is an equation, x and y are variables

$3n - 6m = 2n + 3$ is an equation, n and m are variables

A formula is a mathematical rule or relationship that uses letters to represent amounts which can be changed – these letters are called variables.

For example:

The formula to work out the area of a triangle is: $(B \times H)/2$

B (base) and H (height) are variables.

Day 3 – Wednesday 20.09.23

Terms, like terms:

Terms:

A term is a piece of an algebraic equation; a number in a sequence or series; a product of real numbers and/or variables.

Example: in the expression $3x + 2y - 7$,

$3x$, $2y$, and -7 are terms.

Like Terms:

Like terms are terms with the same variable and same powers.

Example: in the expression $3x^2 + 2y + 5x + 4x^2 - y - 7$,

$3x^2$ and $4x^2$ are like terms

$2y$ and $-y$ are like terms

Exponent
Base
 $3^2 = 3 \times 3 = 9$
2 threes

Day 4 – Thursday 21.09.23

Base and Exponent:

Exponents are used in Mathematics to represent larger or smaller numbers that cannot be read easily.

The exponent of a number shows how many times a number is multiplied by itself.

Exponents are also known as powers or indices; they can be a whole number, a fraction, a negative number, or a decimal.

For example:

The exponent of 3^4 is 4; 3 is the base.

The exponent of $7^{1/2}$ is the fraction $1/2$; 7 is the base.

Day 5 – Friday 22.09.23

Coefficient:

A coefficient is a letter or number representing a numerical quantity attached to a term (usually at the beginning).

For example:

- x is the coefficient in the expression: $x(a + b)$
- 3 is the coefficient in the term: $3y$

Extra-Curricular Activities Autumn Term 2023 – 2024:

We are delighted to present our extra-curricular activity timetables - attached to the end of this newsletter. Here are a few points of note:

- The Year 10 and Year 11 revision session information is separate to the after school clubs. Pupils in these years should prioritise the subject they feel they need the most help in at that time.
- The sports activities are on a separate time-table and this will change termly.
- The individual music lessons are currently being finalised. Year 7 will be surveyed next week to ascertain who is carrying over lessons from primary and any demand for new instrumental lessons.

We are sure you'll agree that there is a lot on offer and this is in addition to our Enrichment programme on a Wednesday Week 1 afternoon. Please encourage your child to become involved in as many activities as possible to help develop their skills, character and to make new friends. If you have any questions regarding this, please contact Kelly.bubbins@willows.cardiff.sch.uk

Football

It was another great afternoon of football at Willows High School on Thursday. Our Year 7 team played Cathays and were victorious 9-3. Mr. Smith and Mr. Gill are massively impressed by the talent and attitudes of the players. We look forward to seeing them go from strength to strength.

Our Year 8 team played Cathays on Tuesday. They put up a great fight but unfortunately were beaten by the better side. Our pupils were resilient in defeat and are looking forward to their next match.

We are excited by the interest in football with our girls at Willows, the numbers are increasing. If your daughter is interested, please encourage her to give it a go on a Thursday.

Genius Hour

Our Year 8 pupils have been busy at work researching local charities that address social issues in their Genius Hour lessons. They will eventually have to choose a charity to support as part of a project in partnership with First Give. The pupils who are judged to have the best presentation will win £1000 for their chosen cause. More information on First Give can be found here: <https://firstgive.co.uk/>

Community Award

Congratulations to our Year 10 pupil Ronnie Ashton who won the Young Star of the Future award at the Cardiff Community Housing Association Awards this week. Well deserved!
